Merchandising

A Ceragni assume o compromisso da redução da pegada ecológica e, por isso, rodeou-se de parceiros que nos ajudaram a colocar em prática o nosso objetivo. Todo o merchandising foi desenvolvido a partir de materiais recicláveis. Sublinhamos, também, a contribuição para a redução do impacto ambiental uma vez que o material a transportar é leve.

Em nenhum momento a estética e a elegância foram descuradas neste processo e os resultados finais estão à vista.
